We offer our monthly subscription service in tiers to address the needs of many different kinds of business people.

All of these levels provide the same high quality data conversion capabilities, and full access to our support team, but with different features and limitations as follows:

- **Lite** is our entry level offering. Limited to 250 transactions per month for one PayPal account
- **Pro** is the next step up from lite. Limited to 2500 transactions per month for one PayPal account
- **Pro Plus** has no transaction limit. And lets you integrate with a shopping cart and supports multiple PayPal accounts to one QuickBooks Company file
- **Power** is completely un-restricted. Multiple shopping carts, multiple PayPal accounts, multiple QuickBooks Company files.
- **CPA** is for CPAs to manage their clients SimplePort processes.

Please choose the level you need now, and it will be changed on your next billing cycle; or unsubscribe at any time.
